## FARM SHOP

“Just a line to say congratulations on your superb pork pies, a subject close to my heart and stomach, but I would beg you never to alter your recipe in any way as has befallen award winners I have come across from many parts of the country in the past. Looking forward to ordering a few once I have contacted parents & friends etc. Once again hearty congrats and keep up the good work.

P.S. In 50 yrs of enjoying pork pies I think perhaps yours has to take number 1 place.”

“The organic saddleback pork shoulder we had for Christmas was great - just the right balance of crispy yet melting rich crackling and moist, flavoursome meat. Delicious. The wild boar pate was great too, and so was the sausagemeat for our chestnut stuffing.”

“Forgot to tell you how much we enjoyed last Thursday’s Wild Game Night, although I think the 3 bottles of wine helped! It was really nice to go to something different and it was well organised - you must have some good staff working for you!”
